- A healthcare provider from your office or a CeQur healthcare professional will train the patient

How to prescribe **CeQur Simplicity™**

MEALTIME INSULIN **SIMPLIFIED™**

Prescribing using EHR

Select CeQur Simplicity 2-Unit Patch, 8 Pack and select quantity (30-day or 90-day supply) and number of refills
NDC/NRC: 73108-0000-08

Select a vial of rapid-acting insulin: Humalog® U-100 or NovoLog® U-100 (insulin sold separately)

Select CeQur Simplicity Inserter
NDC/NRC: 73108-0001-00

Submit the prescription to the patient's preferred pharmacy through your EHR

Example Rx in EHR

Insulin Usage	Pack Size	Quantity	Dosing/Rx Sig Instructions	Refills
≤ 200 units in 4 days	8 Patches	1 Box	Change every 3 to 4 days as directed for 30 days. 1 box = 8 patches for a 30 day supply	11
> 200 units in 4 days	8 Patches	2 Boxes*	Change every 2 to 3 days as directed for 30 days. 2 boxes = 16 patches for a 30 day supply TDB > 50 units per day	11

*Provide clinical rationale if more than 1 box is needed
